Actual SDCs are determined and calculated only at the time of permit review by City staff based on the specific and detailed development plans and information submitted with the building permit application. Prior to permit application and review, City staff may provide forms and example calculations for the purpose of assisting customers in developing the customer's own preliminary and general estimate; however, such assistance does not constitute an estimate or commitment by the City as to the amount of SDCs to be charged for a particular proposed development.         </div>					<b>Subtotal, SDC Fees All Systems</b>		\$
